December 8, 2011

Dear Parents/Guardians:

This letter serves as notification that Hoosick Falls Elementary School has been identified as a School in Need of Improvement for the 2011-2012 school year. In grades 3-6 our students with disabilities failed to make Adequate Yearly Progress in English Language Arts. This requires the school to participate in a School Quality Review and develop a Quality Improvement Plan, as defined by the New York State Department of Education, to improve student results in the identified areas. A team of teachers and administrators are meeting with a special education school improvement specialist, designated by Questar III BOCES, in the coming months to develop the Quality Improvement Plan.

Please direct any questions or concerns to the elementary office at 686-9492 ext. 1301.

Sincerely,

Patrick Dailey
